

# The Game of Ladybirds

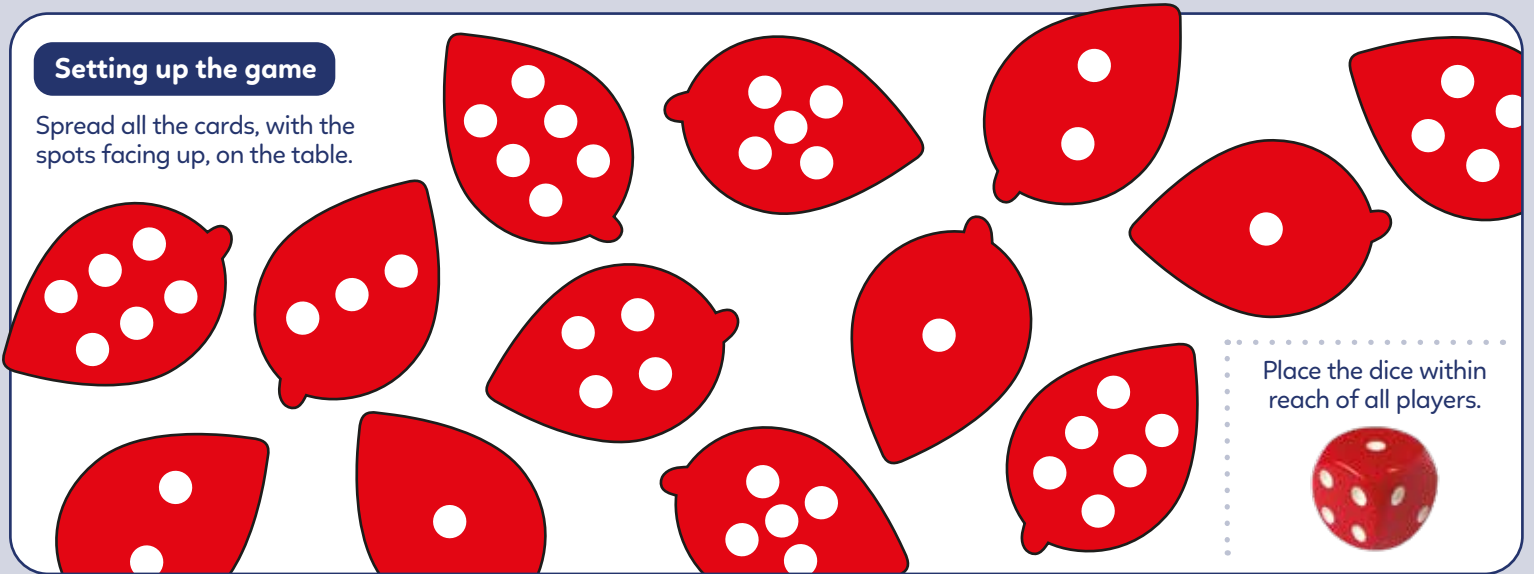

Roll the dice, match the spots and count the ladybirds hiding on the leaves in this Orchard Toys classic!

## Contents

• 24 ladybird cards • 1 dice

### Setting up the game

Spread all the cards, with the spots facing up, on the table.

### 1 Roll the dice and count the spots

The youngest player starts.

Roll the dice.

Look for a leaf with the same number of spots as the number shown on the dice.

You can check that you are correct by counting the spots with your finger.

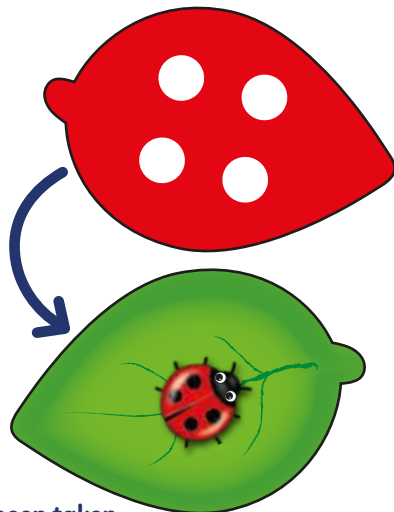

### 2 Count the ladybirds

Turn the card over and count how many ladybirds are hiding on the leaf. There might be 0, 1, 2 or 3.

Place the card in front of you. Play passes to the next player.

If, towards the end of the game, you cannot find a leaf with the same amount of spots as the number shown on the dice, play passes to the next player.

Play continues until all the cards have been taken.

### 3 The winner

The winner is the player with the most ladybirds at the end of the game.
